TEN CENTS A WEEK

WAR IN FAR EAST HAS JUST STARTED

**Declares Russian Ambassador,
Count Cassini.**

MUST FIGHT UNTIL VICTORIOUS

**Says Russia Was Forced Into the
Present Conflict—Disorders at Home
Put Down With Only Needed
Severity.**

Washington, Feb. 7.—"The war in Asia is not about to end; it has really just begun," said Count Cassini, Russian Ambassador to the United States, in response to a request for a statement of his views regarding the Russian situation. "That struggle can only end when Russia is victorious. My country did not seek this conflict, but was forced into it by a treacherous attack upon her unprepared forces at a far distant point. Having engaged in a defensive war, Russia will continue to fight until a peace consistent with her honor and her legitimate interests is possible. The ultimate triumph of Russian arms is, to my mind, an assured outcome of this unhappy war."

In spite of the abuse to which Russia is subjected in America, the venerable dean of the diplomatic corps at Washington is confident that public sentiment in this country will change before long.

"I have strong faith in the common sense and just instincts of the American people," he said. "I do not believe that they can fail to detect the workings of a cunning and malicious propaganda in the elaborate and persistent attempts to exaggerate, twist and pervert events in Russia."

"It is just as absurd to picture the clash of rioters in St. Petersburg with the police and troops as a massacre or a revolution as to treat the fall of Port Arthur as the virtual end of the war in which Russia is beginning to be in a position to deal effectively with her enemy in the field."

"What the Russian government did in St. Petersburg and what it has done elsewhere is just what the United States or any other civilized and responsible state would do under the same circumstances. It preserved public order by force after a fair and full warning that force would be used. The fact that innocent persons lost their lives in no way alters the situation. Nor is the government responsible for the outrageous exaggerations sent out of Russia by newspaper correspondents."

"The truth is that the organized workmen of St. Petersburg, who had certain industrial grievances, were foully deceived and misled by a few nihilists and other revolutionaries who seek the destruction of all established government. These advocates of violence are not numerous, but they are active and seek every opportunity to strike at persons in authority. They chose a moment when Russia was engaged in a difficult war—difficult because of great distances—to mislead thousands of honest workmen, loyal Russians, into a movement by which they hoped to produce anarchy."

"The disturbances in Warsaw and elsewhere in Poland are due to the restlessness and excitability of the Polish people, which shows itself in turbulence. That was true of Poland long before it was Russian territory. The natural disposition of the Poles is being played upon by revolutionary agents."

"It is absolutely false to say that the workmen of Russia have no means of presenting a petition to the emperor. But, as in all other civilized countries, there is an orderly procedure to be followed. The men who led the workmen of St. Petersburg into rioting demanded that the emperor should come to a certain spot and meet them and accompanied their demands by public threats."

"Suppose a body of strikers in Washington should in terms of insolence summoned President Roosevelt to go to a public square and parley with a mob for any purpose. What would be his answer? Suppose they should threaten to start a revolution!

Would that influence him to give another kind of an answer? Imagine that the leaders should invite a mob to march to the White House with red flags and revolutionary proclamations, is it conceivable that the government would look on intently, especially if it were fully informed of the violent purposes of the agitators?"

"When President Cleveland sent national troops to preserve order in Chicago, and the governor of Illinois protested, did not the president declare that all discussion regarding procedure should be put aside until order was restored?"

YOUNG GIRL SHOT TO DEATH.

**Man Who Claimed She Wrecked His
Life Committed Deed.**

New York, Feb. 7.—A young woman, described as Louise Schroeder and Louisa Adams, was shot and instantly killed by Emil Bollinger, a janitor, who was arrested after being seriously injured in an attempt to escape.

The shooting took place in the dining room of a hotel on Third avenue, where the women and two men had been during the night. Bollinger, who had been sitting in another part of the room watching the trio for some hours, suddenly advanced to the table at which they sat, and, drawing a revolver, fired twice, shooting the woman through the heart. As she fell Bollinger threw away the pistol and started to run, when he was attacked by the woman's companions, and in the struggle that ensued, was thrown down stairs and severely injured.

When removed to the hospital two more revolvers were found on him. Bollinger would offer no explanation of the tragedy and except to say that he had shot the woman because she had ruined his life. The police learned that Bollinger's wife is said to have left him two years ago on account of his attention to the woman who was killed by him today.

RESCUED IN NICK OF TIME.

**Thirty Men Narrowly Escape Death
by Cold and Starvation.**

Baltimore, Md., Feb. 7.—Thirty men rescued from death by starvation is the result of the trip of the iceboat Annapolis to Tangier sound. Fifteen of the men are Deals Islanders, taken from Great South Marsh, and the balance are residents of Crisfield taken from marshes along the shores of the Kedges straits.

All the harrowing stories of the hardships suffered by these men, as told heretofore, were found to have been true by the crew of the iceboat. The oystermen had been in their predicament for varying terms, some having gone to the marshes as early as Jan. 4. Their provisions were entirely exhausted and the men kept themselves alive by eating oysters, and they kept from freezing by burning in the small stoves in their tiny ship cabins the driftwood they dug out of the snow and ice.

CORONER'S JURY FREES BUNTIN

**Dead Man's Wife Did Not Attend the
Inquest.**

Atlanta, Feb. 7.—A coroner's jury has returned a verdict of justifiable homicide in the killing of Edward Jordan by Price Buntyn.

There was no doubt of the result of the trial from the first, and everyone who attended the inquest knew what kind of a verdict would be rendered.

Some 75 people crowded in the undertaking establishment of Hübner & Poole, where the inquest was held, beginning at 2 o'clock.

The most interesting testimony given before the jury was the statement of Augustus Logan, a brother-in-law of Price Buntyn, to the effect that he saw a man near the Buntyn home immediately after the killing, and shot at him.

Plan Colony Along Delta.

Jackson, Miss., Feb. 7.—Attorneys in this city have been engaged to make investigation through the government and state land offices of the title to 20,000 acres of valuable lands in the delta, which will soon change hands the new purchasers being a wealthy syndicate of Pittsburgh capitalists, who are preparing to move a large colony of farmers from that section to Mississippi.

SOUTH EMBRACED BY ICE AND SLEET

**Worst Freeze Ever Recorded In
This Section of Country.**

TRAVEL IS ALMOST IMPOSSIBLE

**Telegraphic and Telephone Connections
Badly Impaired—Business Is
Almost Suspended and Many Cities
In Total Darkness.**

Atlanta, Feb. 7.—The severe sleet storm in this section has impaired the telegraph service of both companies, and the long distance service of the telephone company.

All Western Union wires going south from Atlanta were in bad shape yesterday, the Birmingham wire of the Postal company was complained of by the trouble men and the long distance 'phone service was practically out of commission all day.

The local telephone system was not affected to any extent by the storm, but the out-of-town service, especially south of the city, was put almost out of business. Within the city there were few complaints, so few, in fact, that the company was able to repair the damages. Within the city a number of 'phones were put out of life, but so abundant was the repairing force on hand that it required but little time to put the talking machines in life once more.

Out-of-town wires were anything but in form. It was almost impossible to talk to Birmingham, Montgomery and Macon. The lines south, all of them, said the telephone officials, were out of order and the greatest care and attention was necessary to maintain a connection between Atlanta and the points south of Atlanta.

Yesterday being Sunday, only a few of the weather stations were heard from. These were to the effect that a cold rain is falling in New Orleans and the southwest, and the chances are that the present condition will remain unchanged. This was not an official forecast, but the indications were little relief would come to Atlanta today.

The lowest temperature registered was 26 degrees and the highest 39 degrees reported last night about 7 p. m. From that time on the thermometer showed that the mercury was dropping and while it may be warmer today, the indications are that it will not be warm enough to help out the situation as it now exists.

The present sleet storm is without a precedent in the history of the weather bureau in length of time and amount of damage.

Tie Up Complete at Louisville.

Louisville, Ky., Feb. 7.—Telephon and telegraph service over a wide area of the south was almost completely crippled by heavy sleet.

Railroad service also suffered and in some towns the lighting and street car facilities were suspended. The tie-up was the most complete in many years, and although the telegraph companies and railroads have large forces of men at work, it may be two or three days before normal conditions prevail.

The storm which covered Kentucky, Tennessee, Arkansas, Oklahoma, Indian Territory, Mississippi, Alabama, Louisiana and Georgia had prevailed intermittently for three days, and the wires broke under the accumulated ice. The fall of snow and sleet varying from 1 to 3 inches extended as far north as Louisville.

For several hours Atlanta and New Orleans were cut off from the rest of the country. All wires were down from Memphis to Natchez and New Orleans and the telegraph companies sent messages for those points to New York and down the coast, but even this service was interrupted for a time. Two hundred poles went down in Mississippi.

Men Drag Horses.

Columbia, S. C., Feb. 7.—The unusual spectacle of men drawing a hearse containing a corpse was witnessed here Sunday morning. This was made necessary by a sleet storm

which has prevailed for 24 hours, making it almost impossible for horses to keep their footing. After several futile attempts to draw the hearse with horses, 60 negroes, members of fraternal orders to which George McFee, the corpse, belonged, procured ropes which they fastened to the tongue of the hearse, thus carrying the body to the cemetery, a distance of over 2 miles. Three funerals, which were to have taken place Sunday, were postponed on account of the icy condition of the streets.

Jackson Suffers Heavily.

Jackson, Miss., Feb. 7.—Never in the history of Jackson has it suffered so from a storm as it did from that of Saturday night and Sunday. The rain coming on top of the snow caused almost every house in the city to leak, the new capitol leaking very badly. The damage sustained to stocks of goods will amount to thousands of dollars. Owing to the demoralized conditions of the street car service the city was tied up today. There is only one telegraph wire out of the city tonight. The total damage will be heavy.

IMMIGRANTS COME SOUTH.

**Italians Will Supercede Negro Labor
In Georgia.**

Augusta, Ga., Feb. 7.—During the coming week the state of Georgia will have the first of its immigrated labor.

Two or three weeks ago the contracting firm of J. H. McKenzie's Sons made the statement that they were not able to carry on the contracts they have on hand because of the fact that they are unable to get a sufficient labor.

They say that during the past 12 months the trouble they have experienced with negro labor has clearly demonstrated the fact that the willingness of the southern negro to work is fast dying out; that the negroes generally prefer to lie around idle and beg or steal for a living.

Mitchell Goes to Birmingham.

Indianapolis, Ind., Feb. 7.—John Mitchell, national president of the United Workers of America, left Sunday for Birmingham, Ala., where he will investigate the grievances of the bituminous miners of the twentieth district, who have been out on strike for some time on a disputed wage scale. There are eight thousand miners in the district and the men have been out since July. "No, I am not going down to settle the difficulty," said President Mitchell just before he left. "In fact, I know of no developments that are likely to come about soon. I have been very busy here for some time, and this is really my first opportunity to make a personal study of the Alabama troubles. I will probably be gone for some time."

An Unusual Death of Woman.

Wilmington, N. C., Feb. 7.—Mrs. Molena A. Morse, a prominent woman of Brunswick county, died in a most unusual manner and under very peculiar circumstances several days ago. Accompanied by several relatives she went to a Baptist church, the place of worship of the Morse family. During the services she gave her experience, and testified to her faith and acceptance of God, and she was ready to go whenever the Master called her. She sat down, and the next moment fell over dead. The attack, following the proclamation of faith, caused much excitement among the congregation.

Few Factories Resume Work.

Lodz, Russian Poland, Feb. 7.—A few factories were enabled to partially resume work this morning through the return of some of the employees. The majority of the strikers, however, are still out and attempts are being made to prevent workmen from returning to their employment. Soldiers are guarding the factories and they do not permit malcontents to enter. No disturbances are reported to have occurred.

A Correct Imitation.

New Orleans, La., Feb. 7.—John Cascoe gave an exhibition of how he would commit suicide at his boarding house this morning, and as a result is suffering with a bullet wound in the neck. Cascoe took four cartridges out of his revolver. He forgot to remove the fifth. He will die.

SWAYNE TRIAL AGAIN BEFORE THE SENATE

**Objections to Statehood Bill of
Arizona And New Mexico.**

MEDICAL REPORT ON JAP ARMY

**American Physician Who Has Been
With the Mikado's Soldiers Makes
an interesting Report as to the
Fatalities Among Their Sick.**

Washington, Feb. 7.—The house today again had before it the Swayne impeachment case. Mr. Palmer (Pa.) presented the replication of the managers of the house to the answer of the judge. The replication recites that Judge Swayne is guilty of the high crimes and misdemeanors mentioned in said articles, and that the house of representatives are ready to prove the same.

Without comment of any kind the replication was adopted. Authority was given the managers to file with the secretary of the senate subsequent pleadings they shall deem necessary.

In the Senate.

When the joint statehood bill was laid before the senate today Mr. For-

JUDGE SWAYNE.

aker spoke in opposition to the striking out of the portion of the bill relating to Arizona and New Mexico. His opposition to the bill was based upon the consolidation of Arizona and New Mexico into one state.

While he did not endorse all the details of the provision for the union of Oklahoma and Indian Territory, he was willing to accept it.

At 2 o'clock the senate received the house managers, who presented the replication to the answer of Judge Swayne in the impeachment proceedings.

Few Japs Die of Sickness.

Washington, Feb. 7.—Dr. T. T. Seaman was heard today by the house committee on military affairs on a project to increase the efficacy of the medical department of the army. Mr. Seaman has recently returned from an observation tour with the Japanese army and his comparison of sanitation and medical methods between the Japanese and America armies embodied in these words:

"They go us a million times better in sanitation and military supplies."

He said that but 1 per cent of sickness is fatal with the Japanese army, while 70 per cent of the sickness in the American army during the Spanish war was fatal.

Give Chickens Poisoned Turnips.

Columbus, Ga., Feb. 7.—An unusual charge has been docketed in police court against D. W. Gill, a citizen of Rose Hill. His neighbors allege that he put poison on his turnips in order to kill their chickens. They are more aggrieved at alleged use of poison than over the death of the chickens. This case brings up some interesting points. It is contended that Gill had the right to wring the necks of chickens if they were trespassing in his garden, but that poisoning them is a different matter entirely. His side of the case has not yet been stated. When the case was called in recorder's court it was continued.

HORSE SHOW WILL BE A BIG THING

Management to Make Event One
of Best of Chautauqua.

MANY BEAUTIFUL HORSES WILL

Be Exhibited, Among Which Will be
Keeps, a Fine Kentucky Stallion With
a Record—Great Interest Being
Manifested in Event.

Among the most important features
of the coming Gainesville Chautauqua
will be the horse show, in which a
great deal of interest is already being
manifested. Through the energy of Dr.
Clarence B. Strouse, the Chautauqua
management will have the pleasure of
presenting upon this occasion "Keeps,"
the celebrated Kentucky stallion, bred
by Tommy Britton of Lexington, and
valued at \$3,000.

For the information of lovers of

SCOTT'S EMULSION

We don't put Scott's Emul-
sion in the class of advertised
cure-alls; it doesn't belong
there. We hardly like to use
the word "cure" at all, but we
are bound to say that it can be
used for a great many troubles
with great satisfaction. Its
special function is to repair
the waste of the body when
the ordinary food does not
nourish, and this means that
it is useful in many cases
which are indicated by wast-
ing.

We'll send you a sample free,

SCOTT & BOWNE, 409 Pearl Street, New York.

horses, the breeding of "Keeps" is
published below:

KEEPS 31358.

Trial 2 27 1/4.

Out of the dam of Tommy Britton 2:06 1/4, etc.

Brown stallion, 15 1/2 hands. Trotter. Foaled 1898. Bred by Tommy Britton,
Lexington, Ky. Registered.

KEEPS SIRE.	Prince of India 26773 Record 2:18 1/4, sire of Prince of Or- ange 2:06 1/4. The Rajah (3) 2:14 1/4, winner of the New England Futurity, the Horse Review Futurity, fastest 2-year-old gelding of 1901, fastest 3- year-old gelding of 1902	Baron Wilkes 4758 Record 2:18, sire of 11 in 2:10	George Wilkes 510 Record 2:22 Belle Patchen By Mambrino Patchen 58
	Keepsake Dam of Tommy Britton 2:06 1/4, Rose Warren 2:23 1/4 and 2 other stand- ard performers	Pancoat 1439 Record 2:21 3/4, sire of Patron 2:14 1/4, Prodi- gal 2:16, Patronage, sire of Alix 2:08 1/4	Pancoat 1439 Record 2:21 3/4 Galatea Grandam of 2 standard performers
	4th dam.....by Alexander's Norman	Dainty..... Dam of Crayon 2:20 1/4	Woodford Mambrino 345 Record 2:21 1/4 Biearra Dam of 6 standard per- formers
	5th dam.....by Smith's Highlander		Contractor 1084
	6th dam.....by Goode's Arab		Nora Norman (Dam of 2, grandam of 10) by Blackwood-74

Keepsake, dam of Keeps, is dam of
Tommy Britton 2:06 1/4 (sire of Fan-
foran 2:11 1/4), Rose Warren 2:23 1/4,
Kate Britton 2:25, John R. Slaughter
2:26 1/4. Her dam, Dainty, and her
grandam, Nora Norman, are great
brood mares. Tommy Britton, Keep-
sake's fastest foal, held, in 1899, the
world's record for three consecutive
heats by a trotting stallion, 2:08 1/4,
2:08 3/4, 2:08 1/4.

Prince of India, sire of Keeps, is sire
at 11 years, of Prince of Orange 2:06 1/4,
The Rajah 2:14 1/4 (winner of the two-
year-old New England Futurity, 1901,
The Horse Review Purse, 1902; fast-
est two-year-old gelding of 1901, fast-
est three-year-old gelding of 1902),
Lord Curzon 2:18 1/4, Stansen 2:21 1/4,
South 2:30, May H. second in 2:15 1/4
in two-year-old division of the New
England Futurity, 1902. Son of Baron
Wilkes 2:18, sire of 11 in 2:10, and
founder of the leading Futurity win-
ning family.

Pancoat, record 2:21 3/4, sire of Pat-
ronage (sire Alix 2:08 1/4, Patron 2:14 1/4)
(sire of Caspian, winner of the 1903
Transylvania). Prodigal 2:16 (sire of
John Nolan 2:08 (winner of the 1898
Transylvania), etc.

What a Great Kentucky Horseman Says
of Keeps.

"The breeding and conformation of

this stallion form a combination not
only perfect theoretically, but proved
by experience to be right in every way.
Keeps has already shown his ability
to sire colts with qualities fully up to
their breeding. His oldest colts are
yearlings only, but they are of great
promise. Prince of India, sire of
Keeps, has proved himself a really
great young sire, having given to the
turf two great horses in Prince of Or-
ange 2:06 1/4 and The Rajah (2) 2:20 3/4,
(3) 2:14 1/4, Tommy Britton 2:06 1/4, out
of the dam of Keeps, has had but one
colt trained, and that one is the Grand
Circuit winner Fanforan 2:11 1/4. Keeps
cannot help but sire great horses and
should be immensely popular.

"The disposition of this horse is
kindness itself; any lady can drive
him. His action is beautiful and his
speed phenomenal. He was only
trained four weeks last summer, and
trotted a mile in 2:27 1/4. The great
fire at Lexington stopped his training,
but when returned he should go in
2:10 or better. His brother on his
dam's side sold recently for \$10,000.

"Keeps is not only as well bred as
any horse in Kentucky, and not only
has great speed and action, but be-
sides all this he is a beautiful horse."

Crawford & Davis are now taking
great care of this remarkable horse.

MRS. DUKE IN COURT.

Will Be Held Until Texas Officers Ar-
rive in Gotham.

New York, Feb. 7.—When Mrs. Bro-
die L. Duke was arraigned in police
court today for her adjourned exam-
ination, it developed that the Texas
authorities have not as yet been re-
ported, given up their intention of se-
curing her extradition to that state.
Just before court opened District At-
torney Jerome received the following
message:

"State Capitol, Austin, Tex.—Applica-
tion for requisition for Allee Webb,
wanted in Nacogdoches county, Tex-
as, for swindling, has been received
by me and returned to the officers of
Nacogdoches county for correction. It
will be forwarded as soon as the pa-
pers are made out properly. (Signed)
S. W. T. Lanham, governor."

MUST AGAIN FACE JURY.

Charged With Being Accessories to
Gillespie Murder.

Rising Sun, Ind., Feb. 7.—It is the
intention of the Ohio county authori-
ties to try at the March term of court
Myron Barbour, Mrs. Carrie Barbour
and Mrs. Belle Seward, the co-defen-
dant of James Gillespie, recently con-
victed of the murder of his twin sis-
ter, Elizabeth Gillespie.

The sentiment of the public is so
strong against the trio that it has
been agreed that they must go before
the bar of justice. The Indiana leg-
islature has just passed a law enabling
the court to summon talesmen from
adjoining counties, when in the opin-
ion of the trial judge it is not possi-
ble to obtain a competent jury in the
county in which the crime was com-
mitted. This will insure the selec-
tion of a jury to try the three accused
persons. Otherwise it would be im-
possible to get 12 men to sit in judg-
ment upon them. Senator Kittinger,
of Anderson, the author of this law,
who made such a bitter fight for the
prosecution in the trial of James Gil-
lespie, has again been retained by the
state.

Whether or not any of the defen-
dants are convicted of complicity in
the murder, Myron L. Barbour will be
tried for perjury. The Gillespie fam-
ily and their associates are greatly
depressed over the condemnation of
Jim Gillespie.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes,
April 25th, 1902: "For 10 to 12 years
I had been afflicted with a malady
known as the 'itch.' The itching was
most unbearable. I had tried for
years to find relief, having tried all
remedies I could hear of, besides a
number of doctors. I wish to state
that one single application of Ballard's
Snow Liniment cured me permanently.
Since then I have used the liniment
on two separate occasions for ring-
worm and it cured completely. 25c,
50c and \$1 bottle. Sold by W. M.
Johnson.

SHOT WIFE; KILLED SELF.

Man After Murdering Woman Jumps
into Flaming Oil Well.

Marietta, O., Feb. 7.—Lindsay Ow-
en's explanation for what he thought
was the crime of wife murder, stands
out unique and awful in the annals of
self-destruction.

After emptying the contents of a
revolver into his wife and leaving her
for dead, in their house, the wealthy
farmer and oil producer walked to an
oil derrick on his farm. Ascending
it, he in plain view of many who were
powerless to interfere, deliberately set
fire to a huge tank of oil and then
cast himself into the fiery furnace of
death.

It is said that for some time Owen,
who was widely known throughout the
oil fields of Ohio and West Virginia,
has been quarreling with his wife. In-
cited, it is said, by the rage of jeal-
ousy, he shot the woman down. He
then emptied the contents of his pistol
into the body of his victim, and, leav-
ing her, executed himself in the man-
ner already described.

Health

Means the ability to do a good day's
work, without undue fatigue and to
find life worth living. You cannot
have indigestion or constipation with-
out it's upsetting the liver and pol-
luting the blood. Such a condition
may be best and quickest obtained by
Herbine, the best liver regulator that
the world has ever known. Mrs. D.
W. Smith writes, April 8, 1902: "I
use Herbine, and find it the best medi-
cine for constipation and regulating
the liver I ever used." Price 50 cents.
Sold by W. M. Johnson.

Negroes Form Company.

Decatur, Ala., Feb. 7.—For some
time past there has been considerable
talk among the better class of negroes
of the Decatur and surrounding coun-
try relative to the organization of the
negroes for political, educational and
industrial purposes. The talk crys-
tallized in a mass meeting held at Cedar
Lake a few nights ago. Cedar
Lake is an exclusively negro town.

If the Baby is Cutting Teeth

Be sure and use that old and well-
tried remedy, Mrs. Winslow's Sooth-
ing Syrup, for children teething. It
soothes the child, softens the gums,
allays all pain, cures wind colic and is
the best remedy for diarrhoea. Twen-
ty-five cents a bottle.

Motherhood

MOTHERHOOD is the reward nature bestows upon healthy womanhood. Women whose vitality has been sapped by disease cannot safely give birth to children. In pregnancy and in childbirth weakness of the mother is revealed in the pain and agony she suffers. This great medicine drives out every vestige of inflammation and weakness, and gives tone and strength to the delicate organs which mature the child. The pains of pregnancy are banished by Wine of Cardui, and miscarriages, which blast so many fond mother's hopes, are prevented. Flooding, which so often occurs after childbirth, is corrected when Wine of Cardui is used during pregnancy. Wine of Cardui babies are healthy babies, because, during the months of pregnancy, the mother is able to give them necessary vitality and strength. With these facts presented to American women no expectant mother should be satisfied without the reinforcement that Wine of Cardui will give her. Every mother should be able to treat herself in her home with this valuable medicine. Wine of Cardui can be secured from any druggist at \$1.00 a bottle.

Polycarp, N. C., Jan. 11, 1902.

I am the mother of seven children and while in pregnancy with the first six suffered untold misery until they were born. One month before the seventh was born I began to take a bottle of Wine of Cardui, which gave me relief after taking three doses. I used the remainder of the bottle until the birth of the child, and was stouter in three days after the birth than I was in a month after the birth of either of the first six. I am 29 years old.

MRS. V. ELIZABETH STAFFORD.

Farmer Dies From Wound.
Valdosta, Ga., Feb. 7.—D. McDonald,
a prominent farmer of the Hahira dis-
trict, is dead as a result of a bullet
wound inflicted by Ed Miley last Tues-
day afternoon. Miley's father and
McDonald had a dispute over a land
line and Miley assaulted McDonald
with a hoe. McDonald took the hoe
from him and began to beat him over
the head with it. Miley called for
help and his son ran from the house
with his pistol and shot McDonald.
The bullet passed through McDonald's
lung and caused a wound that result-
ed in his death. A warrant for Mi-
ley's arrest has been sworn out but
the warrant has not been served as
he is in hiding.

Are After Vampire Fathers.
Raleigh, N. C., Feb. 7.—The North
Carolina legislature will pass a very
stringent vagrancy law. It is very
largely the Georgia law, which has
been much liked by thoughtful officials
here for some time. There are amend-
ments which will cover what are
known as "vampire" fathers, that is,
men who are able-bodied, and who yet
live upon the earnings of their chil-
dren, this having been particularly the
case in cotton mills.

You want a medicine the doctors approve

Ayer's Cherry Pectoral is not a simple cough syrup. It is a
strong medicine, a doctor's medicine. It cures hard cases,
severe and desperate cases, chronic cases of asthma, pleurisy,
bronchitis, consumption. Ask your doctor about this.

The store of W. W. Carman & Co., at Ocala, was destroyed by fire Saturday. Loss \$2,500; insurance \$1,200.

Owing to the funds being low the Wauchula school board has reduced the number of teachers to five.

Flem Tillman and Will Murray are in jail awaiting trial for robbing the store of J. C. Cox at Genoa, Columbia county.

A court of the Daughters of Isabella, an auxiliary organization of the Catholic church, Day organized at St. Augustine with 88 members.

The free rural mail delivery in Columbia county is working very satisfactorily. Other counties are now trying to secure a similar service.

A fellow who gave the name of James Morton was arrested for picking a pocket at West Palm Beach. He was caught after a lively chase.

A reward of \$75 will be paid for the capture and conviction of the thieves who robbed the millinery store of Stanley & Brown at White Springs.

The auto races have been run at Daytona and the municipal race is now on with several candidates in the field for the respective city offices.

The wife of Archdeacon Brown of Orlando, who disappeared Friday, has not been seen since. Suicide is suspected. She was quite old and feeble.

Carl A. Curry, a white brakeman on the F. E. C. Railway, fell from a freight train Sunday, sustaining injuries that proved fatal. He formerly resided at Quincy.

Bradentown voted down bonding for town improvements. It is claimed that \$50,000 was a little more than would set well on the average voter's stomach, and he voted "no."

One column of The Melbourne Times is edited by "a truth seeker." Every column of The Sun is edited by just such a person, and the paper aims to tell the plain truth in every article.

Regarding the burning of the Kirby family at Wauchula, The Advocate says that while the whole affair remains a mystery, there is no living person suspected of the act, and it is the general opinion that if there was any foul play, it was by one of the unfortunate members of the family.

New Smyrna will give a banquet on the 22nd to its visitors. There will be a menu of extended proportions, and not an item on it but can be gathered from the woods and waters of this section "without money and without price." The bread will be made from coontie root, vegetables from cabbage palmetto, and others found growing wild. Fish, oysters and game furnish the meats. The people propose to show what kind of a meal a man can get up without purchasing a single article.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing disease for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Bucklen & Co., Chicago, Ill., and Windsor, Canada. All druggists.

Death of Harvey Chesser.

Friends of Harvey Chesser were surprised to learn of his death, which occurred in Tampa Saturday night. Deceased was born and reared in this county, near LaCrosse, and had many friends here. His remains were taken to Antioch, where the funeral was held Monday. The funeral was largely attended, the friends of the deceased paying the last tribute of respect to the deceased.

Agonizing Burns

Are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Va., writes: "I burnt my knee dreadfully—that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at all druggists.

The Ladies of Gainesville

and vicinity are cordially invited to attend a reception to be given by the National Biscuit Company, at Edwards' Opera House, Wednesday, February eighth, from two until five o'clock.

JESSE E. BURTZ, City Editor.

OFFICE: PORTER BLOCK.
201 W. MAIN STREET, S. TELEPHONE 43-2

THE DAILY SUN published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$2 a year; \$2.50 six months; \$1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column—10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, state and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address: THE DAILY SUN, GAINESVILLE, FLA.

Col. Thos. J. Appleyard and John G. Kellum are taking things easy in regard to their positions as secretary of the Senate and clerk of the House at Tallahassee. They have no opposition.

Sir Thomas Lipton is to build three yachts for the next cup race. Three is generally supposed to be a lucky number.—Jacksonville Times-Union.

But threes may not be good, if the other has a "cold" deck.

The Christian Scientists are not very consistent, to say the least, as they come to Florida to escape the cold of the North. The idea of such a move! They should remember that there is no such thing as cold. The people only think there is, although when it gets down to 34 degrees below zero it is hard to get the notion out of one's head.

The people of Florida have a very faint idea of the recent cold snap that has done so much damage north of here. In South Carolina it was impossible to use horses on the hearse at a funeral, and it was drawn by men. In Atlanta on Sunday the electric wires were so badly damaged by the rain freezing to them that they were cut and the current turned off, to protect the lives of people on the street.

The report comes to hand that dealers in California oranges are doing all in their power to injure the sale of Florida fruit in the Northern markets, claiming that frozen oranges are being shipped from Florida. But these statements need cause no alarm to Florida growers. Wherever the Florida orange has been sold once it will find a ready market again. The dealers North have only one complaint, and that is the insufficient crop of Florida oranges to supply the demand. Even the "seconds" in Florida are preferable to the best they get from California.

Editor Jordan, of The Punta Gorda Herald, is hot after the pardoning board. He is so intensely in earnest about the matter that he would fain abolish the pardoning power altogether. The power is unquestionably abused—almost criminally so—but we remember that were it not for the pardoning power every mother's son of us would be condemned to eternal punishment, and would not abolish this divine attribute for the world. Better that ninety-nine guilty persons go unpunished than one innocent one should suffer.—Lakeland News.

The coming of the electric railroad into Florida will be a consummation most desired. No State in the Union is more adapted for the building and operating of electric roads than Florida. In many counties little or no grading at all is needed, and the cost of power would not be so great as in other States. As a means of gathering up the various products of the soil and carrying them to the central markets and shipping points, these roads would be most useful. The passenger traffic of such roads, especially in winter, by the large number of winter visitors, would be no small item. Where these roads are in operation in competition with steam lines, the fare is always one-half lower and the increased traffic would amount to a large sum, as many would travel from one city to another much more than they do now, when the rate is so high.

RAISING CANE.

Jefferson D. Buncomb of Jacksonville, who goes North in the winter to enjoy a sleigh ride and play hockey on the ice, was interviewed at the Wayne Hotel, Detroit, Mich., regarding the sugar cane question, by a Free Press representative. He said:

"I have been much interested in sugar cane raising in the South. For a number of years past I have tried to impress on my people the desirability of encouraging the industry along various lines. The small farmer loses a great deal raising sugar cane, or at least does not make the profit that he ought to, and some of these small farmers make the best kind of table syrup in the market. You use it on your table and there is a great demand for it all over the country. Every farmer in the State can make this if he wants to, and the day of the great big syrup manufacturer is far in the distance.

"But one big mistake my people make is barreling their syrup. The farmer that puts his sugar up in barrels is just reducing his chances of success, for every barrel that goes on the market is classified as molasses. Now, we don't make molasses in Florida, and every farmer that puts his syrup up in barrels is lowering the status of our industry. Besides, the syrup in barrels is not so good, for the air cannot be kept from it. It should be put up in air-tight packages or cans. Sugar cane can be grown in every county of the State of Florida, and on all kinds of land, if properly treated. I, myself, grow it on seven different kinds of land in three counties."

GEORGE STEWART, EVANGELIST

At the Bible Conference, which opened on Sunday, the people have had the pleasure of listening to that distinguished pulpit orator, Dr. George Stewart of Cleveland, Tenn., who has been associated with the Rev. Sam Jones in evangelistic work.

Doctor Stewart preached his first sermon on Sunday afternoon, and he left a most favorable impression with all who heard him. From the same text he continued his evening discourse to a very large audience, and on Monday night he fairly outdid all his previous effort with a discourse that is seldom equalled.

His comparisons are of deepest interest, he is completely filled with the truths of the Bible, and his illustrations cannot help but impress all with the fulfillment of its teachings and purpose of our being placed on this earth.

He believes in practicing what he preaches. He is a strict observer of the Sabbath and declares it is an American institution and says that he is not opposed to foreigners coming to this country, but he don't want them to bring their Continental Sabbath with them. He believes in Christianity that commences at home, and that we should feed our own children first. The real power of the gospel, he says, is in its practice.

SCHOOL FUND.

Hon. W. M. Holloway, State Superintendent of Public Instruction, makes annual apportionment of the interest on the State school fund. This fund is apportioned on the basis of the average attendance of the counties.

The total amount for apportionment is \$33,412.77. The amount apportioned is \$33,412.40. The rate per pupil is 40 cents. The balance remaining in the fund not apportioned is 37 cents.

The report shows that Alachua county has an average school attendance of 4,345 pupils and its share of the money apportioned is \$1,738.

Beauty is a good deal like an automobile—it must be kept in constant repair.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & Co., Toledo, Ohio.

Sold by all druggists, 75 cts. Take Hall's Family Pills for constipation.

Pick Your Premium

Your Choice of 56 Valuable Articles

is offered for the freight-car coupons on Good Luck Baking Powder can labels. Besides beautiful pieces of jewelry, the list includes attractive articles of wearing apparel and handsome things for the house. You can get them easily and quickly—and you'll be surprised at their value. Five of the premiums are illustrated above. For full description and pictures of the whole list see the little Good Luck Premium Book in each can. The positive purity, the perfect wholesomeness of

GOOD LUCK Baking Powder

make it the most widely chosen of all leavening agents. During this year 16,145,114 pounds have been sold (many orders coming in for car-load shipments), which is the largest business for a single factory in the world. This is only the inevitable result of the original Good Luck plan—to furnish the best baking powder in the world at the lowest price—10 cents a pound.

Good Luck is the best because it is purest, because it produces the lightest, whitest, sweetest of baking. These results are due to its unequalled leavening force, to the fact that it contains no adulteration whatever. It is the most economical because it takes less to do the work than any other baking powder. If your dealer doesn't sell Good Luck let us know, and we'll see that you are supplied at once.

FOUNTAIN TO BE PRESENTED THURSDAY

City Council Will Attend Function in a Body.

REV. CARPENTER WILL SPEAK

The Former Methodist Minister Who Did Much for the Cause of Temperance Has Been Invited to Make Speech of Presentation.

The drinking fountain which is being erected through the courtesy and generosity of the Women's Christian Temperance Union of Gainesville, will be presented formally to the city on Thursday, this week, and the occasion is designed to be a most important one, since the usual formalities will be executed in a program of this kind.

Rev. W. J. Carpenter, for four years pastor of Kavanaugh Methodist Church, and who was an earnest and effective worker in the temperance campaign, has been invited to deliver the presentation address, and has accepted. He will probably arrive in the city today, and appear fresh for his duty tomorrow.

The ladies of the W. C. T. U. have extended an invitation to the City Council to attend the dedication ceremonies, and at the meeting of that august body Monday evening the invitation was read and accepted, and a resolution was made to attend the ceremony in a body.

The fountain is one of the handsomest ever brought to the State. While not as large as some, it is of beautiful design, being of bronze, upright, with a statue of a woman representing purity on the pedestal. The fountain is one of the most modern, and will prove not only an ornament to the city, but a great convenience to the public who love pure, sparkling water.

The fountain will be located on the east side of the square, where all who desire may quench their "burning thirst."

WILL EXTEND TO Ocala.

East Florida Telephone System Will Soon Connect the Brick City.

E. K. Voyle of the East Florida Telephone Company departed Monday for Ocala, where he went on business connected with the company.

The East Florida Telephone Company, which is strictly a home institution, is growing wonderfully in proportion, and is proving a great benefit to the people along the line. Lines have been extended to Archer, to Fairbanks, to Micanopy, Evinston, McIntosh and other points, which afford Gainesville excellent and most convenient connection with the numerous towns within a radius of twenty miles. It is the intention to extend the service to Ocala and Waldo, Melrose and Orange Heights, which will add more convenience. The line is now being pushed towards Ocala, and within the next two months it is safe to say that Gainesville and Ocala may say "hello" and transact business with each other in a most satisfactory manner.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c at all drug stores. Try them.

Uneeda Biscuit—the kind of food that makes a nation strong.

Made of wheat, baked with the utmost skill and packed in a way that keeps them fresh. For hearty eaters and delicate appetites

Uneeda Biscuit are equally welcome. They represent a happy union of strength and lightness.

The best soda cracker made

The goodness of **Uneeda Biscuit** is retained by air tight packages, which keep out the damp, the dirt and the dust, and keep in the crispness, the flavor and the original purity of the biscuit. A package of **Uneeda Biscuit** costs but 5¢

NATIONAL BISCUIT COMPANY

SI PLUNKARD.

This Interesting Rural Play Will Soon be Presented Here.

J. C. Lewis and his talented company of comedians, in the rural comedy, "Si Plunkard," will be at the opera house, Monday, Feb. 13th.

Don't fail to see the Yankee farmer and his fun makers. Si and his Yankee farmer band will announce their arrival on the day of exhibition by a grand street parade. Watch for it and enjoy the amusement the famous band parade will offer. It's funnier than a circus. Do not confound this attraction with others imitating our country band parade.

"Si Plunkard," the roaring, rousing rally of fun, as presented by J. C. Lewis and his big company of comedians, will create barrels of laughter for those fond of fun. So those who wish an evening to drive away dull care should be on hand to see Si and his funny comedians in his new version of the rural comedy, "Si Plunkard." All new features, new novelties, everything new but the title. Also carrying the finest band and solo orchestra on the road. A rare treat for lovers of good, classical music.

In the Mayor's Court.

Thos. Brisbane was arraigned before Mayor Thomas Tuesday upon a charge of obstructing the street, and was fined \$2.50 and costs. James Glass, for riding a wheel without a bell, was assessed to pay a fine of \$2.50 and costs.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send for sample to The Herpicide Co., Detroit, Mich.

THIRD DAY OF BIBLE CONFERENCE

Great Crowd Thronged to Hear
the Blessed Word of God.

THREE FINE SERVICES

Rev. Dr. Sullen Preached in the Morning, Dr. Blackstone Lectured in the Afternoon, and in the Evening Dr. Stewart Entertained the Audience.

The third day of the Winter Bible Conference was one of success, great crowds attending each service.

In the morning Rev. Dr. Sullen of Cleveland, Tenn., delivered an interesting sermon. In the afternoon Dr. W. E. Blackstone, one of the Conference favorites who made so many friends by his excellent work here last year, gave a lecture in the nature of a Bible study, and in the evening Rev. George Stewart spoke to a large and attentive crowd.

The Conference this year is going to prove a big success, and it is believed that much good work will be accomplished.

The Council Meeting.

There was an interesting meeting of the City Council Monday evening, being the regular monthly meeting.

There was present a full board, with President Broome in the chair.

Among the more important business transacted was the acceptance of a proposition from the Cemetery Association to turn over, or deed, the cemetery property, to the city, with the understanding that the city was to bear the expenses of taking care of same, which was accepted. This burden has formerly fallen upon the ladies, who formed a voluntary association and paid the expenses from charitable funds derived from various sources.

The matter of extending the free mail delivery was brought up, and it was learned that this service could not be extended unless the streets were properly posted and the houses properly numbered. The matter was referred to the street committee, with instructions to ascertain the cost of performing this work.

After the transaction of some other business the council adjourned.

Group

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Colo., writes, March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and \$1. Sold by W. M. Johnson.

WILL TELL WHAT THEY KNOW.

Kentucky Outlaws Surrender to Officers Without a Fight.

Winchester, Ky., Feb. 7.—Moses B. Feltner, who is supposed to know much about the Breathitt county murders, and Sam Fields, who is supposed to know as much as Feltner says he know, are here in charge of Special Constable Dock Pigg in default of bail fixed at \$500 and \$200 respectively. The prisoners were brought here from Jackson.

Sheriff McCord and Deputy Stockley, accompanied from Jackson by Will Hurst, brother of Mrs. J. B. Marcum, went to Hazard, in Perry county, on Thursday night. Moses Feltner was there and submitted quietly to arrest. He told the officers that Sam Fields was at Mad Dog, 10 miles from Hazard, and if they would go by there Sam would go along with them. The party left Hazard at 9 o'clock Friday morning and shortly before noon reached Mad Dog. Fields welcomed them, and, throwing up his hands, said:

"Boys, I surrender. I want the people to know the truth and I tell it."

Mardi Gras Festivities, New Orleans, Mobile, Pensacola.

Mardi Gras at New Orleans, Mobile and Pensacola will be held March 2nd to 7th inclusive this year, and will be on a much larger scale than ever before. For this occasion the round-trip rate will only be one first-class fare plus 25c, tickets to be sold March 1st to 6th inclusive. Final return limit March 11th; however, tickets can be extended until March 25th by depositing with special agent and by payment of 50c at time of deposit. The Louisville & Nashville R. R. operates through Pullman drawing room sleepers daily from Jacksonville, and anyone desiring full and complete information should address Geo. E. Her-ring, F. P. A., Jacksonville, Fla.

HAWTHORN HAPPENINGS.

No Damage to Orange Trees From Recent Cold—Personal Mention.

Hawthorn, Feb. 6.—The recent cold snap did no damage to the orange trees here in the groves which had been cared for. We thought that they would all shed the entire crop of leaves, but many may not. The white fly eggs seem to be all destroyed. The scale insect is also killed it seems. The leaves are beginning to droop since the rains of the past two days.

The farmers are rushing their farm work. Truckers were damaged, but are coming again. The cattle are in the best condition for years. We see no dead cows on our quail hunts.

The guests of Moore's Hotel are having fine sport shooting.

Mr. and Mrs. W. H. Knots of Kansas City, Mo., are among the recent arrivals.

Gordan S. Moore, son of Mr. and Mrs. W. S. Moore, was recently married in Ripley, Tenn. He is here on his bridal trip visiting his parents. Mr. Moore is a rising business man of Ripley, and his wife was the charming and popular Miss Annie Tucker of the same city. They received 115 wedding presents, many very handsome and valuable. They will remain a month in Florida.

Mr. and Mrs. C. B. Waldo and Dr. Waldo of Berkshire, N. Y., are guests of Moore's Hotel.

The many friends of Ed. Greer of Jacksonville were much pleased to see him in our town last week.

The evenings at Moore's Hotel are much enjoyed. Cards, music, recitations and a tea party, a Welch rarebit or a quail roast add to the substantial features of these occasions. Last Tuesday a party of twenty-three went from the hotel to the famous Lochloosa Creek and had a fish fry. The fish and coffee and hot hoe cake was a great treat.

The twelve-foot windmill and large tank and waterworks for Moore's Hotel was completed Saturday. F. J. Hammond will take water for his store for use and fire protection.

Big Fire at Birmingham.

Birmingham, Ala., Feb. 7.—Fire, which started in the wholesale commission house of Franklyn, Stiles & Franklyn destroyed property valued at \$240,000. Assistance which had been asked from neighboring cities of Montgomery, Atlanta, Chattanooga and Gadsden was cancelled about 5 o'clock the necessity being obviated by the veering of the wind and a soaking rain. Two firemen were severely injured by falling walls. One of the smaller steamers exploded, but no casualties were connected with the latter accident.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women." Sold under guarantee by all druggists at 50c a bottle.

RISKY SURGERY.

Danger For the Doctor Who Inoculated Empress Catherine.

Inoculation against smallpox preceded the modern method of vaccination and was attended with a good deal of danger. Thomas Dimsdale was the foremost advocate of inoculation. He inoculated Empress Catherine of Russia. This was in 1768. There was considerable danger to life in undergoing this artificially induced disease. The empress, therefore, arranged that during the whole course of the illness of her son and herself there should be relays of swift horses kept constantly ready attached to carriages all along the post road the nearest way out of Russia.

Catherine told Dimsdale that if bad symptoms displayed themselves he was not to remain to look after them, but to fly for his life without delay or compunction. She well knew that he would not be safe if she or the heir of Russia died in his hands.

She gave him an order of the most urgent kind for himself to the successive postmasters not to delay him for a minute on any pretext. Dimsdale received a fee of about \$50,000 from the empress and other gifts besides.

Change of LIFE

Need Not Bring
Suffering
and Misery

This perfectly natural change in a woman's life is too often accompanied by painful, distressing symptoms due to female troubles and slight irregularities in her delicate organism.

The woman who passes this change without the development of tumors, cancers, or chronic invalidism enters a new field of happiness and usefulness in the domestic circle and in social activity. Her physical system should receive the necessary assistance at this critical period.

Lydia E. Pinkham's Vegetable Compound

is exactly suited to woman's needs at this time. It strengthens and cures all derangements of the female organism, it overcomes the hot flashes and dizzy fainting spells, and all other distressing symptoms.

I Was in Bed for Three Weeks

DEAR MRS. PINKHAM:—I suffered a great deal during Change of Life. I flowed steadily for eleven weeks, and it made me so weak I was in bed for three weeks. I began taking Lydia E. Pinkham's Vegetable Compound, although it was against my doctor's will and I had to hide it. I took it regularly until I had taken five bottles, and it brought me out all right, a perfectly strong, well woman. Any one can tell how healthy I am by looking at my picture, and any one can write to me or my daughter about our wonderful cures.

Mrs. F. M. MUSHRUSH, East Chicago, Ind.

The whole secret of safety at this time of life is thorough preparation before the change begins. Fortify the system with a course of Lydia E. Pinkham's Vegetable Compound. This wonderful medicine has carried thousands of women through this danger period.

No such helpful advice to women who are sick can be had anywhere as will be received free by addressing Mrs. Pinkham, Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

The Bill Was Not in the Senate.

One of Senator Frye's scintillations as presiding officer, when the Philippine bill was near its passage in the senate, should not be lost to the world. Such measures, till perfected, are considered in committee of the whole, not in the senate, as the term goes. The distinction is of little popular significance, but of great parliamentary importance.

Senator Bacon, wishing to make a certain motion, was informed that the bill was not in the senate, but in committee of the whole.

"Oh, I thought we were in the senate," replied Mr. Bacon.

"We are in the senate," Mr. Frye responded, "but the bill is not."—Washington Post.

Henry VIII. and Puddings.

Bluff King Hal, otherwise Henry VIII. of England, was exceedingly fond of puddings. At one time he gave a certain Mistress Cornwallis a house in Aldgate for herself and her heirs forever "in reward of fine puddings." In King Henry VIII.'s private accounts occur again and again entries of his rewards to different housewives for bringing him puddings. A typical instance runs thus: "Item. The same day paid to the wife that made the king podings at Hampton corte, vis. viijd." This would be about \$1.75, but its value was much greater when the entry was made. This love for "fine puddings" explains much in the familiar rotund figure of King Hal.

Ambiguous English.

"Have you ever tried to explain the various meanings of some of our English verbs to a foreigner?" asked a lady who employs many servants. "My German maid went to the drug store the other day for some headache medicine and returned very much puzzled. 'The man say, 'Will you take it or shall I send it?' she reported. 'Eef he do not send it, how can I take it?'"

Just Like a Woman.

Ma Twaddles—Tommy, you've been a bad boy today, and I shall tell your father all about it when he comes home. Tommy Twaddles—Aw, that's jest like a woman—can't keep a secret, can you?—Cleveland Leader.

BECKWITH SUCCUMBS TO DEATH

Bank Was Wrecked by Mrs. Cassie Chadwick's Operations.

Oberlin, O., Feb. 8.—C. T. Beckwith, president of the defunct Citizen's National Bank, of this city, died at 10:45 o'clock Sunday night after two days' of unconsciousness during which dissolution was expected at any moment. Only the family surrounded the death bed of the banker.

Mr. Beckwith was about 65 years of age. On Dec. 14 last, the federal grand jury in Cleveland returned five indictments against Beckwith upon the charge of violating the national banking laws in connection with the loans made to Mrs. Cassie L. Chadwick by the Citizen's National bank, of Oberlin, of which the deceased was the president.

From the day of his arrest Beckwith's health failed rapidly, as a result of worry over his troubles. He

C. T. BECKWITH.

frequently declared during his illness that he wanted to die. For several days prior to his death he refused to take food in any form. Death resulted directly from heart trouble.

The death of President Beckwith may materially weaken the cases of forgery and conspiracy to misapply bank funds, now charged against Mrs. Chadwick.

It was expected that Beckwith would be the star witness on both the federal and common pleas courts.

There is no way to perpetuate Beckwith's testimony. The constitution of the United States says an accused person must be confronted in court by the accusers. A deposition or affidavit cannot be used.

YOUTH KILLS HIS BROTHER.

Fourteen Year Old Boy Accidentally Fires Fatal Shot.

Atlanta, Feb. 7.—A pistol shot started the Sunday stillness at the home of William Bairdain, 362 Capitol avenue yesterday morning at 9 o'clock, and it was soon learned that Fred Bairdain, the 14-year-old son of William Bairdain, had shot and fatally wounded his brother, Arthur Howell Bairdain, aged 12 years.

The boys were in the bedroom together, and had been examining their father's 32-caliber pistol. There were no eyewitnesses to the shooting, and all that was learned of the tragedy was what was told by the elder Bairdain boy. He stated to his father, it is said, that he and his brother were looking at the pistol when it was accidentally discharged by him.

The bullet struck Arthur Bairdain in the forehead, producing a wound which caused death in two or three hours.

Up to a late hour last evening no report had been made to the chief of police, and the coroner said he had heard of the shooting, but had made no investigation.

Well Timed.

"That was a great sermon you preached this morning," said the old churchwarden, "and it was well timed too."

"Yes," rejoined the parson, with a deep sigh. "I noticed that."

"Noticed what?" asked the puzzled warden.

"That several of the congregation looked at their watches frequently," answered the old man, with another deep sigh.—London Telegraph.

An Unbearable Fault.

Fogg—(Goodman is dead. He has led a most beautiful and a correct life. Everybody praises him. Fogg—But, oh, found him, he tramped my ace once when we were playing partners at whist.

An Unhappy Sent.

"Pa," said Tommy, opening the paper, "who sits on the seat of war?"

"No one," responded papa, "because the seat of war generally has a tack to it."—Baltimore Herald.

A Big Gorge.

Mrs. Newrich (back from the honeymoon in Switzerland)—Do you remember that lovely gorge up in the mountains? Mr. Newrich—I do. It was the squarrest meal I ever ate.

Self respect is the cornerstone of all virtue.—Sir John Herschel.

Reminders of the Moors.

Concerning the dwellings in the Argentine Republic a traveler writes: "Wherever there was a collection of houses I was greatly struck with the character of the architecture—like Arab or Moorish villages, one great wall without windows surrounding them. The country is very quiet now—safe enough for a bery of schoolgirls to travel it by day or night—but still the peculiar architecture remains. At Negra Muerta, where we camped, there was only one large building, once the headquarters of the 'estanciero,' who owns hundreds of square leagues of the surrounding country, but now tenanted by his manager, a superior sort of half-breed Spanish Indian, with his family. There was the huge square outside wall without any windows of any kind, one arched doorway and the inside house or houses built against the outer wall and facing into a patio—a most Moorish looking place. Truly the occupation of Spain by the Moors has left its deep markings; they extended across to the new world, influencing today even the customs of the Indians of Spanish South America."

Shoemaking in the Black Forest.

The Black forest of Germany, a region famous for centuries, is hundreds of years behind the present age in methods of living and conducting simple industries. This fact is strikingly exemplified in the primitive ways the natives follow in making leather and shoes. When a farmer kills his beef he takes the hide to the local tanner, who will keep it for two years before he considers it fit for the shoemaker. When the hide is leather the shoemaker is informed of the fact.

Then some morning the shoemaker comes to the farmer's house with his kit of tools and for the time being is one of the family. Every Katrina and every Johann is marched before him and measured, and the work of making shoes for the family begins. It may take a month, more or less, but he sticks to his job until every one is properly shod, when he is away to the next customer needing his services.—Shoe Retailer.
